### CITY BADLY STUNG BY ERECTION OF HAT ROSE GARAGE Action of Secretary of War Opens

Now That the Building Is Up and Must Be Paid For, Owners of Land Increase Rental Price

BOOST FIGURE TWENTY-FIVE DOLLARS A MONTH

And Honolulu Must Pay It Or Lose Its Nice, New, Unauthorized Police Station Auto Home

The new police station garage was the subject of bitter wrangling at last night's meeting of the board of supervisors and when the smoke of batle cleared away, the city fathers woke up to the fact that they had gotten atung to the extent of twenty-five diars a month for the next five years as rental of the property on which the much discussed garage stands.

The garage in question has been completed and Contractor Henry Bertleman has not received his money for it, which amounts to \$1122. The land belongs to the Austin Estate. Before this garage was built the sheriff's demonth rental basis of ten dollars a month. Now with a nice new \$1100 garage on it which the city fathers will have to pay for somehow or other, the Bishop Trust Co., which represents the Austin Estate, want thirty five dollars a month and a lease for five years. "We're Stung"

"We're stung!" some one of the board muttered and then the supervisors had nothing else to do but accept age question then became general and at times heated. Supervisor Ahia was ed any responsibility in the matter and said that he had "authorized oneseventh of the work to go shead as he was one of the seven members of

Supervisor Bellina was quite hazy as to just what he had told Deputy Sheriff
Asch regarding the building of the
garage. Supervisor McClellan also garage. Supervisor McClellan also tried to get out from under along with Supervisor Hollinger, but Supervisor Mott-Smith sprang the records and a letter from the sheriff which did not put either of them in the clear.

Supervisor Mott Smith seemingly en joyed the discomfiture of his colleagues and emphasized the fatet that it was Those Injured On Duty To Rejust procedure as this which was getting the board in disrepute with the

Hollinger To the Rescue

Supervilsor Ben Hollinger, who sine his recent disappointment over the appointment of a park superintendent has constituted himself the opposition of the board, flew to the aid of Sheriff ose, who was severely criticised by Marshal J. J. Smiddy. Supervisor Mott Smith for going ahead on his own initiative ordering the construction of an unnegessary and un

fair and courteous and make no personal reflections upon the maker and publisher of the initial report on the gar

The burden of Hollinger's plaint was it and anyway, why raise a howl over an accomplished fact.

Supervisor Ben also made a play to the gallery, writing mournfully of the poor tax payers in the heavy voting districts who need roads and things which Supervisor Mott Smith wou't let them have. He took a fling at the "adventitions aid of a partisan press' and intimated that Mr. Mott Smith is not anywhere near as careful over the expenditure of city money a he might be. He hoped the board would not reputinte its just bills nor waste time in ordering the payment of the bill for Rose's garage.

Following the rending of this "inpersonal rebuke. Supervisor Mott Smith aunounced that all he wished to say" in answer to this unjust criticisu was that the report be made a matter of becord of the board.

#### PLAN COMMITTEE TO DECIDE FAIR PRICE FOR FOOD

Warm Argument Precedes Decision To Fix Costs of Japan Foodstuffs

At the meeting of the Japanese food ommission held Monday afternoon at the local Japanese consulate it was decided to have a Japanese committee appointed to fix official prices for Japan rice, miso soy and other Japanese pro-visions. The decision was preceded by heated argument.

The fair price committee will be composed of three members, it was decided. Inc will represent the Japanese whole sale merchants and another the retail ers while the third is to represent the consumers at large. This committee will be empowered to fix prices for

foodstuffs imported from Japan. Dr. I. Mori, chairman of the Japanese food commission; G. Negoro, vice chair freedom from these discomforts, out man, and K. ### HIGH STANDARDS OF LIVING CAUSE HUGE WAR BILLS

American Army Rations and **Equipment Inferior To** None

WASHINGTON, October 14- (Associated Press) - Why does it cost the United States so much more to make war than it costs any of its cobelliger-

What is being done with the tens of billions being raised from Liberty Bonds and taxation! One often hears

The answer is not difficult.

It is, simply, that it costs an American more to do anything than it contisanyone else in the world. That is the best reason why Americans should bu Liberty Bonds.

The American army is composed of workingman. The American working fit to amount a man, it is believed that man demand a higher standard of everything than any other working man in the world. When he becomes a soldier he carries that standard with him, and, comparatively, gets it.

Napoleon said, and everybody ever since has repeated, that an army travels on its stomach. So naturally the subsistance of the American soldiers comes first in the long bill which is rapidly running to \$50,000,000 a day.

Wide Diversity of Food The regular ration list of the American army calls for forty-nine different kinds of food. It includes many things which are luxuries to the soldiers of the foreign armies. At that, it only costs CHICAGO, Oct 5-A sweeping ruling figure is low because the government 32 cents a day to feed a soldier. The against attempts of major league base-ball players to collect salaries on conhas the advantage of dealing in billions and tons where the individual tracts extending beyond September 1, deals in dollars and pounds. Even so, the date fixed by the government for the army has felt the increased cost of the suspension of professional baseball, living because it cost only 12.81 cents was handed down touight by the Na a day to feed a soldier during the tional baseball commission, which held Spanish War. such claims to be unjustified and illegal.

Take into account the almost staggering sums the government has spent for food alone since the war began: \$37,000, 000 worth of flour; \$14,000,000 worth of sugar: \$13,000,000 worth of bacon: \$12, on the case of "Jake" Daubert of the 000,000 worth of beans; \$9,000,000 worth of canned tomatoes: \$3,000,000 worth of rice. It sounds almost like a

food bill for a vation, Without any disparagement whatever of the rationing system of the co-belligcrents it may be said that while the food of the British soldier compares favorably with that of his American cousin the French ration is less acsecurable to the American and that of the Italians would get a very cold re

The commission's ruling , which probcention.

ably will apply to all similar cases, Ecupment of Bost The equipment of the American solpelled to pay Daubert the full amount dier is so less up to standard than his agreed upon because under the "work or fight" order his contract was virfood. Since the beginning of the war the government has speet \$126,000,000 tually rendered illegal, and impossible, for shoes. Only recently a contract public health service in fighting Spen. A year ago, Wolgast suffered a physical high influenza and other communicable cal breakdown and was sent to a Mild date fixed for the suspension of the ing and one for general wear. The The players' services could not be utilprice in quantity of millions wa over \$5 a pair, Old soldiers of the regular army can remember when the government issued "brogans" far removed in quality from the army shoes

of today. The American soldier's clothing so far has cost a round \$500,000,000. For his blankets the government has spent \$150 000 000. Every thing else is in ated Press : "Hank" Severeid, eatch proportion for in every particular of or for the St. Louis Browns, has waith his equipment the government has supn'ind the soldier with the same relative dependents and enlisted in the tank book standard be was accustomed to at ervice, reporting to defferson barracks, home in civil life. The extra cost of He will be grat to Gettys assistations an army on foreign soil bury. Peruselyance for training. Se has entered into the huge bill because seried held a median and to pay him. It has been found that it costs \$423.27 s and a month but he combin't resist the to early and existein a soldier a year " and as aminet \$327.78 at home. Of this sum \$251.85 goes for food. ratically a expenses at home is \$189.80. The kink standard has been carried teethe seddiers' pay. For all practical recomes of estimate the American sol-Mer by the highest paid fighting man in the world.
